RESOLUTION ON GENERAL LEE

Primary Law Amended—Child Labor Bill Killed—House Raises Salaries of Judges—Representative Melton Was Charmed With His Own Voice.

Tallahassee, June 3.—When the Senate convened yesterday morning for the last time for the session of 1905, there was a disposition to wind up all necessary unfinished business. The second House committee to investigate the insane asylum, was too late with its expense account for the regular pay roll and it became necessary to pass a special act for the payment of the costs of the investigation. Senator Blount moved a reconsideration of the joint resolution to amend the Constitution, reducing the time for publication from ninety to thirty days, and validating all constitutional amendments heretofore passed. The resolution was then adopted by a vote of 23 to 5.

The committee report on Senator Stockton's child labor bill was adopted. House bill to fix and establish a legal and standard box or crate for oranges, was called up by Senator Crane. The standard provided is twelve inches in width, twelve inches in depth, inside measure on each end or compartment of crate with middle partition. The bill was passed.

Mr. Owen's House bill making a slight amendment to the primary law, so as to make it immediately effective, was called up and passed.

Senator Adams called up the joint resolution relating to the late General Fitzhugh Lee, which was passed.

At 10:30 o'clock the Senate took up the life insurance bill, which was taken up and passed on its second reading Thursday night.

Several spoke in favor of the bill and it was opposed by others. It was soon discovered that only time was being consumed, and pending the discussion the Senate adjourned sine die.

Before adjournment the Senate confirmed a number of appointments made by the Governor as follows: Mason S. Moreno, Peter T. Knight, Oscar Clifton, William H. Malone and Charles Curtis, to be pilot commissioners in and for the port of Key West.

In the House.

Tallahassee, June 3.—When the House met yesterday morning for the concluding day of the session of 1905, Mr. Wells offered a privileged report from the conference committee upon the revenue bill, recommending that the Senate amendment be concurred in.

The House killed the child labor bill, which Mr. Roberts had so earnestly championed.

The Senate bill requiring all State officers to make biennial detailed reports was passed, 33 to 2.

The Senate bill to make an appropriation to cover deficiencies in the appropriations for the executive and judicial departments caused by the increase in salaries of the Governor and State's attorneys was passed, 36 to 2.

Mr. Persons called up the Senate joint resolution proposing a constitutional amendment relative to the salaries of judges of criminal courts of record. The resolution was passed.

The bill for the relief of Dr. J. L. Horsey of Fernandina was indefinitely postponed.

The Senate substitute for the House bill providing for paying the expenses of members of the Insane Asylum investigating committee and witnesses summoned before the committee was passed.

The House took a recess and Uncle Steve Melton commenced to make a speech. He was so well pleased with the sound of his own voice that it was hard to stop him.

Farewell addresses, all in the very happiest vein, were made during the recess by Messrs. Buckman, Johnston, Knight, Wall, Rawls, Wartmann, Bryan, Sistrunk, Srozier (for the attaché), the chaplain, Chief Clerk Kellum, Reading Clerk Nat R. Walker, Blanton of Madison, Kilgore, McElroy and Crawford.

Senators Massey, Blount and Baskin appeared and notified the House that the Senate was ready to adjourn. A few minutes delay was requested by the House in order that the two last bills could be enrolled and signed.

At 12 o'clock the pending business having been completed, Speaker Gilchrist declared the House of Representatives of 1905 adjourned sine die.
